

Mid-Summer Student Poster Presentations

Thursday, July 6th

5:30 pm

Creighton University
Eppley 119

Gathering 5:30-6:00 PM

Posters 6:00-7:30 PM

Liquid N₂ ice cream 7:30 PM

Please join us for a mid-summer gathering of research results and refreshments. Interact with student presenters describing their research projects. Learn about ongoing science in our region. Pizza dinner and liquid nitrogen ice cream dessert will be provided. Non-ACS members are welcome to attend/present!

Calling all student researchers! You are invited to present your research (completed or in-progress) at the Omaha ACS summer poster presentation event. Consider this a casual venue to practice your presentation skills while networking with local chemists. Graduate, undergraduate and high school students are welcome. Please contact James Fletcher if you would like to be included as a presenter at: jamesfletcher@creighton.edu
